Apostles' Creed

I believe in God the Father Almighty, Maker of heaven and earth. And in Jesus Christ, his only Son, our Lord; who was conceived by the Holy Spirit Born of the Virgin Mary, Suffered under Pontius Pilate, was crucified, dead, and buried; He descended into Hell The third day he rose again from the dead; He ascended into heaven, And sits on the right hand of God the Father Almighty; From there he shall come to judge the living and the dead. I believe in the Holy Spirit; The holy Catholic Church; The communion of saints; the forgiveness of sins, the resurrection of the body; and the life everlasting. Amen.

MINISTER'S DESK

THE POWER OF SELF-WORTH:

-Self-worth is "**the sense of one's own value** or worth as a person."

- Self-worth is often used as a synonym for "**self-esteem.**
- The first step in building self-worth is **to stop comparing yourself to others**
- There are many ways for a person to value themselves and assess their worth as a human being, and some of these are more psychologically beneficial than others.
- Our self-worth is **a function of how you value yourself**.
- Self-worth is different from self-pity, a state of mind or emotional response of a person believing to be a victim and lacking the confidence and competence \ to cope with an adverse situation. -
- To build your self-worth you **must first discover your values** and then make up your own definition of success.
- Your values are nothing more than what you value in life."Make **a concerted effort to maintain personal integrity** in your life by insisting that your actions correspond to your words,"
- You probably already know that society places excessive value on the outward appearances of success
- There is No Competition in **Real Self-worth**:
- You will find that **people do not compete to see who is the kindest**, or who is the most loving, or who is the most self-assured. This is because man's loftiest virtues belong to his higher self.
- Your higher self is above the opposites of the physical world and those outer appearances that society stereo-typically uses to define success.
- Your higher self is above the need to compare, not because it cannot compare but because it knows that doing so is futile.
- **Man's highest virtues** are fundamental to the human spirit and cannot be bought or sold for all the money in the world. Real self-worth is priceless.
